TECHNIKUM

COMPANY PROFILE · INFORMATION FOR BUYERS AND SUPPLIER APPROVAL

Industrial coating equipment

for the Czech Republic and Slovakia · since 1988

WAGNER CERTIFIED PARTNER

WAGNER SILVER 2024 · 2025

Who we are

TECHNIKUM has been supplying, installing and servicing surface treatment equipment since 1988 – from Trnava for Slovakia and the Czech Republic. Since 2017 it has operated under the company name TECHNIKUM, s.r.o. Since 2025 it has had a subsidiary, TECHNIKUM CZ, s.r.o., based in Prague.

Industrial Coating Centre

showroom and test centre in Trnava

At Coburgova 13 in Trnava we have a showroom, a test centre for trials with your material, a service workshop and a spare parts warehouse.

1988 Start of work with WAGNER spray equipment. We count our years of experience from this year.

2017 From this year under the business name TECHNIKUM, s.r.o.

2025 Founding of the subsidiary TECHNIKUM CZ, s.r.o., based in Prague.

What we supply

- **Industrial coating**
  WAGNER and WALTHER PILOT spray pumps, spray guns and 2K systems – from a manual workstation to a coating line.
- **Robotic painting**
  LESTA painting robots that learn the movement from the painter – without programming, also for small and medium batches.
- **Solvent recycling**
  IST distillation units clean used solvent and return it to production – you buy less new solvent and hand over less as hazardous waste.
- **Sewer cleaning**
  Portable, built-in and trailer-mounted PTC machines for cleaning pipes where a large vehicle cannot reach.
- **High-pressure hoses**
  Custom hose manufacturing and crimping up to 1,000 bar – in the workshop and at your site.
- **Industrial installation**
  We connect new technology and modify existing equipment: piping, valves, automatic spray guns, control systems and electrical installation – from design to commissioning.
- **High-pressure cleaning**
  FALCH machines up to 3,000 bar – sales, service and parts. Hire of machines up to 2,500 bar at 2500bar.sk.

Brands and representation

MANUFACTURER	RELATIONSHIP AND TERRITORY	PRODUCTS AND SERVICES
WAGNER	Certified Partner – the Czech Republic and Slovakia	industrial coating; sales, installation, service, original spare parts and rental

PTC	Representation – Slovakia and the Czech Republic	sewer cleaning machines; sales, service and spare parts

Services

Free paint shop audit
In Slovakia and the Czech Republic. A technician will visit and go through the situation in your paint shop with you in person.

Trial with your material
We demonstrate and test the equipment with your material before you buy. If you cannot come, we send you the result remotely – photos and video.

On-site service within 48 hours
A technician on site within 48 hours or – if the machine is with us – repair within 48 hours, provided spare parts are available. Applies in Slovakia and throughout the Czech Republic. We repair all types of spraying equipment for which spare parts are still available.

Regular inspections and refresher training
Regular equipment inspections and refresher training on working with spraying systems.

Rental
WAGNER spray equipment for rent, with training. FALCH high-pressure machines at 2500bar.sk.

Spare parts
Original WAGNER, FALCH and IST parts, nozzles and parts for spray equipment of other brands. 4,500 items in stock, delivery within 24 h on working days.

Quality and certificates

- Certified WAGNER partner for the Czech Republic and Slovakia – WAGNER SILVER certificates 2024 and 2025. Our technicians are trained directly by WAGNER.
- Authorised IST distributor for Slovakia and the Czech Republic.
- ISO 9001:2016 and ISO 14001:2016 – TÜV SÜD Slovakia (Q 2436-1, E 2436-1): service, rental and sale of industrial machines for surface treatment; valid until 6. 12. 2026.
- Liability insurance – ČSOB Poisťovňa, sum insured EUR 100,000, Slovakia and the Czech Republic; valid until 22. 12. 2026.
